

TALLYKEY T8

The tallykey T8 pedestal means our stylish and elegant danish design can now also supply super-yachts with power and water. The T8 offers electrical outlets of up to 400 A, along with max. two 1 inch water taps. For the registration of consumption charges the T8 can be equipped with electricity and water meters, or the versatile and user-friendly tallycard+ payment system.

Please ask your tallykey distributor or contact tallykey a/s for more information.

Technical specifications

- Dimensions: (w) 50 x (d) 26 x (h) 145 cm.
- Weight: 65 kg.
- Electrical outlets: Max. 400 A.
- Water taps: Max. 2 x 1 inch.
- Built-in low-energy lamp at the top.
- Standard mounting flange for concrete.

Outlets of up to 400 Amps require sturdy and reliable cable connections. T8 has an internal cable bay for uncomplicated and safe terminal connection.
